BOW WAVE LLC

PRESS RELEASE

Bow Wave LLC Receives HUBZone Certification by the U.S. Small Business Administration

FOR IMMEDIATE RELEASE

LEESBURG, VA, Feb. 15, 2022 – Bow Wave LLC (https://www.bowwavellc.com), a leading provider in services for mission critical fields to support National Security, is pleased to announce the company's certification as a Historically Underutilized Business Zone (HUBZone) business by the U.S. Small Business Administration (SBA).   The HUBZone program promotes small business growth in historically underutilized business zones with a goal of awarding at least 3% of federal contract dollars to HUBZone certified companies each year.

"Bow Wave's HUBZone certification enables us to help Federal Government agencies and prime contract holders meet their contractual set-aside targets, while providing jobs for individuals in underutilized communities," says Joshua Skule, President of Bow Wave LLC.

To achieve HUBZone certification, Bow Wave met specific criteria defined by the SBA that includes 35% or more of its employees residing within HUBZone regions. As a certified HUBZone small business, Bow Wave may receive program benefits including eligibility for HUBZone set-aside awards, competitive and sole source contracting, 10% price evaluation preference in full and open contract competitions, as well as subcontracting opportunities.
